ROSWELL G. Hoan, who was raised in the west and went east to grow up with the country, uses the identical chair that Hornec Groeley used to sit in, and he writes for the New York Tribune on its founder's favorite subject—agriculture.

That was a touching tribute paid by Prince Hismarck to his wife when he sassured the throng who came to congratulate her on her birthday that his "green old age and happy family life" were due to her.

A Well-Preserved Corpon.

In "Pagan and Christian Rome" Prof.

Lanciani cites a most remarkable case the authenticity of which is established beyond reasonable doubt. In the year 1655 the body of a young girl was found in a marble tomb twelve feet below the surface of the earth while making excurations on the Appian way. It was aromatic paste. Says the account of as eye-witness: "Although the giel had been dead 1,300 years, she appeared to have been laid at rest that very day. H. F. Hinharwaren, of Danville, an although the giel had been dead 1,300 years, she appeared to have been laid at rest that very day. The thick mans of hair seemed to have been combed then and there. The eye-been laid at rest that very day. The thick mans of hair seemed to have been the thick mans of hair seemed to have been combed then and there. The eye-been laid at rest that very day. The thick mans of hair seemed to have been the thick mans of hair seemed to have been the thick mans of hair seemed to have been combed then and there. The eye-been combed aromatic paste. Says the account of an eye-witness: "Although the girl had was taken to the capitol, where it was bout ten acres for tobacco and Si viewed by an immense number of people for several days. On the third day it showed airms of putrefs thom, and a the coil of the work it was reburied.
